

SCRIPTURE *through the lens of the* HOLY LAND

Presented by the Antiochian Department of Christian Education and dedicated to the hierarchs of the Antiochian Orthodox Patriarchate, who have bequeathed to us the Holy Land.

Welcome to a walk through the pages of the Bible! You will be surrounded by illustrations of Bible stories, and with photographs of the land. If you have a chance to go through the exhibit quietly reading the scripture passages, your imagination can take you to the Holy Land to cross the desert with the Israelites, and to see what Moses saw from atop Mt. Sinai. You can read the words of the prophets as they tried to call the Israelites back from worship of idols to the covenant they made with God. You can see the wheat fields Jesus saw in Galilee, and the hillsides, and the wild flowers that helped Him teach about the Kingdom. Finally, you can visit the Church of the Resurrection to see the tomb of Jesus. As the disciples were joined by Jesus on the Road to Emmaus, Jesus can be with you as you walk through Scripture today. **Which names or stories do you remember from the Bible?**
