

# PROJECT MEXICO & ST. INNOCENT ORPHANAGE

## Project Mexico & St. Innocent Orphanage

performs works of mercy, and help others do works of mercy in the name of Jesus Christ, transcending cultural barriers by building homes for the poor in Mexico and by providing a home for orphaned boys through St. Innocent Orphanage.

**Project Mexico** has built more than 250 homes in Baja California, the majority of which are located in a single community. The volunteer experience is one that has been profoundly affecting people of all ages for 25 years. Our one-week long mission trips have led many of our volunteers to dedicate their lives to serving those in need.

Since 1996, **St. Innocent Orphanage** has proudly been called 'home' by many orphaned, abused, and abandoned adolescent boys. St. Innocent Orphanage is dedicated to doing more than simply providing the basic necessities for our boys. We provide them with an education, direct them spiritually, and give them emotional support.
