Byzantine Chant Tone 2, Second Mode

Special melody: *Upon that mount in Galilee*

Chadi Karam

Like a palm tree thou didst flourish, and like a cedar
didst thou grow. A light-house thou didst come to be, leading and
guiding every soul. O our be-a-ti-fied fa-ther,
Ja-cob, the right-eous God-bear-er, whom all the faith-ful
do ex-alt, and, like thee, wor-ship and glo-ri-fy the
Lord, and who cel-e-brate with a fer-vent
pas-sion on thine a-dored and sol-lemn feast that gleam-eth
with most ra-diant light.

O thou Vir - gin im - ma - cu - late, our Moth - er, pure and
 ho - ly, Ja - cob the her - mit, who did live on thy most
 sa - cred moun - tain, did praise thy Son in his life on earth,
 and he did glo - ri - fy thee. Thou didst nev - er
 fail to help and de - liv - er him from per - ils and dis -
 - tress, through thy ten - der mer - cy, O spot - less
 La - dy, who tru - ly art a - dored and praised by all thē
 an - gels and man - kind.
